14.03.2024

### **Interfit brings top expertise in material handling tire services to LogiMAT 2024**

- **Interfit material handling tires services specialists will be on hand in Hall 10 • Stand A23**
- **At LogiMAT Europe, Interfit experts will demonstrate benefits of material handling tire fitting solutions and wheel systems to over 60,000 expected visitors**

March 2024, Stuttgart – Interfit, the global leader for industrial tire and wheel services, will showcase its cutting-edge services portfolio at LogiMAT, the intralogistics solutions and process management trade fair. This European edition will take place at Germany's Stuttgart Trade Fair Centre from March 19-21, 2024.

Interfit will showcase its complete custom tire and wheel services for material handling industries in Hall 10 • Stand A23.

Luca Giovannini, Interfit Global Director says: "We are excited to bring our wide range of services, selected products and expertise to LogiMAT 2024. The show brings logistics professionals looking for best practices and solid product solutions to build their business together and it's an excellent opportunity to shine a light on our Interfit global services and the added value in speed and quality we bring to handling the increasing demands of the global logistics sector."

Visitors to Interfit Stand A23 in Hall 10 will discover high performance tire solutions designed to elevate logistics operations, especially for high capacity / high speed material handling. Interfit specialists will address specific logistics challenges and offer personalized recommendations and custom solutions for greater logistics success. The booth will also feature Trelleborg tires full premium portfolio for optimizing logistics operations and ensuring high performance, for both indoor and outdoor applications.

LogiMAT represents the ideal platform for logistics professionals from across Europe to explore the latest trends, innovations, and solutions to streamline intralogistics and supply chain management.
